Narrowway Graphics

Web Designer in Macomb, MI (Jan 2006-Oct 2009)

Created attractive front end user-interfaces for standards-based websites using the Adobe Creative Suite. Incorporated the use of JQuery and JavaScript to achieve unique site functionality. Constructed e-commerce solutions in order for clients to sell products. Experienced with creating Flash animations with video.

NORR Limited

Architectural Design Consultant in Detroit, MI (Feb 2009-Mar 2009)

Consulted with the architectural design department in designing various building exteriors for a high profile pharmacy. Determined design requirements from Planning Departments and agencies across the country. Created building elevation concepts within Photoshop for city submittals under the direction of the Lead Project Architect

Atwell-Hicks

Senior CAD Technician in Shelby Township, MI (Jan 2006-Jan 2009)

Reduced the time required to produce preliminary concept plans for high profile banks, pharmacies and fast food chains by over 70%. Created color renderings to incorporate sustainable design concepts, which assisted the client in obtaining more than \$3 million in Brownfield funding. Researched municipal codes in order to prepare site plans and landscape plans, which resulted in cost savings of 30% per project.

Urban-Land Consultants

CAD Technician in Shelby Township, MI (2002-2005)

Designed residential and commercial developments within Macomb and Oakland Counties. Researched and completed Site Plan packages for Planning Reviews. Developed Construction Plans for municipal permits and approvals.

Living Word Fellowship Church

Volunteer in New Haven, MI (2003-2006)

Developed and taught a class curriculum to generate a way for young children ages 6-8 to enjoy learning and to cultivate their attention. Used resources to help troubleshoot office computers used to account for over 300 church members.

Macomb Community College

Associates, General Studies
